

We all make mistakes

A long time ago people thought that the Earth was flat. But Christopher Columbus knew it was round. He said that it was possible to sail west and still get to India.

This is class 5G and their interview with Columbus.

Charlotte OK everybody? Silence. Start!

Thomas Excuse me, Mr Columbus. Can we ask

you some questions, please?

Luke Yes, of course.

Thomas Thank you. First, when did you leave

Spain to sail to India?

Luke In August, 1492.

Charlotte Stop! Luke, you sound like a child.

You're Columbus, remember?

Luke All right.

Jasmine Mr Columbus, how long did it take

to cross the sea?

Luke Let me see ... it took about two

months.

Jasmine How many ships did you have?

Luke Three. I was commander of the "Santa Maria".

Thomas Really? And when did you reach land?

Luke On October 12th.

30 thirty

the 12th of October

Christopher Columbus reached land on October 12th, 1492 - but it wasn't India!
